

What is Lemon?

LEMON is a fresh-scented, commercial-grade germicide with a powerful cleaning action that leaves surfaces disinfected, clean and perfumed with a citrus fragrance.

Key Benefits

- ✓ LEMON has a dual action to remove unwanted odours – it removes the source of the odour and perfumes the air.
- ✓ LEMON kills germs.

How Does It Work?

LEMON is a fresh, citrus-scented Commercial Grade Disinfectant with a powerful cleaning action that leaves surfaces disinfected, clean and perfumed with a lingering lemon fragrance.

It will:

- Attack and break down dirt and grease
- Kill germs and destroy odours
- Create a long-lasting lemon fragrance

For Use On...

LEMON is ideal for cleaning floors, walls, sinks, baths, toilets, tiled areas and fittings.

LEMON may also be used as an air-freshener.

Technical Data

Properties

COLOUR – Transparent green liquid
ODOUR – Lemon perfume
pH = 7

FOAM – High level of foam with good stability

DISINFECTANT POWER – Commercial Grade Disinfectant at 1 in 50 dilution

Environmental Care

LEMON conforms with all statutory environmental requirements. It is based on safe ingredients selected to perform efficiently so there is no waste or damage. LEMON is non-flammable, biodegradable and phosphate-free. It contains no solvents. LEMON containers will be cleaned and reused if returned to Agar Cleaning Systems Pty Ltd., significantly reducing plastic usage and waste. They can also be recycled.

Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".

First Certified: 30 April 1996

SAI Certificate No.: QEC7358

Application

- **Cleaning and disinfecting walls, floors, fittings, toilets etc.:**
Dilute 1 part LEMON with 50 parts water.
This is about 1 cup per wringer bucket of water.
Prepare fresh solutions daily or as required.
- **Air-freshener:**
Dilute 1 part of LEMON with 10 parts of water.
Spray high into the room with a hand spraygun.
Do not mix LEMON with other cleaners – these may deactivate the disinfectant action.

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Agar Cleaning Systems recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.
