

What is Mop'N'Dry?

Mop'N'Dry is a powerful and fast drying detergent specially formulated to be used together with microfibre mops and spray and glide mops. It breaks down greasy and stubborn stains to quickly dry without leaving any residual films on floors, making it excellent for spot cleaning high traffic floors.

Key Benefits

- ✓ Spray and mop makes spot cleaning floors quick and easy
- ✓ Fast drying to minimise OH&S risks
- ✓ Quickly breaks down greasy and stubborn soil
- ✓ Biodegradable and phosphate free
- ✓ Reduces the need to clean floors when only spots or sections are dirty

Environmental Care

Mop'N'Dry is a new-generation cleaning liquid formulated to provide effective cleaning power over many different usages with minimum impact on the environment.

Mop'N'Dry is biodegradable, phosphate-free and gentle on floors.

How Does It Work?

Simply spray onto floors and mop over with a microfibre mop. Its quick dry ability makes it excellent for improving safety and reducing OH&S risks. Suitable for all types of floors, the perfumed detergent is concentrated to boost value and minimise packaging and transport.

For Use On ...

Mop'N'Dry will remove all typical soil and spillages including foodstuffs, drinks, cooking oil and general traffic dirt from all types of hard floors.

Mop'N'Dry is concentrated for cost-effective cleaning, and leaves a fresh citrus scent. No rinsing is required.

pH = 9-10

FOAM – Low to moderate

SHELF LIFE = 2 years

Quality

The design, manufacture and supply of all Agar chemical products is controlled by the Agar Quality Management System which is registered and externally audited by SAI Global as complying with the requirements of AS/NZS ISO 9001 "Quality Management Systems – Requirements".

First Certified: 30 April 1996

SAI Certificate No.: QEC7358

Application

Spray and glide mops and spray bottles

- Dilute Mop'N'Dry to 1 in 10 with water into the canister of a spray and glide mop or directly into a spray bottle.
- Spray the solution onto the spot you are wanting to clean and mop over with the microfibre mop.

Mop buckets

- Dilute Mop'N'Dry to 1 in 10 with water into the microfibre mop bucket.
- Dip the mop into the solution, wring it out, and then spread evenly over the floor being sure to cover all required areas. During this process, the floor should just be made damp and over-wetting should be avoided.

Available in: 5L & 20L

Agar Cleaning Systems maintains Safety Data Sheets (SDS) on all of its products.
